

Waste Your Time

Futuristic

Girl let me take you out tonight
I know this is spot downtown
Go and get dress you like
So baby you deserve the crown but
I know that you ain't tryna get your heart away, that's okay
I'm not really here for that right now
Let's just have a good time
So baby we could [?] on that bullshit, huh
I don't really care what you [?]
I won't end up wasting your time, oh my

So listen, we came here to party
Yeah I don't wanna hurt nobody
I won't end up wasting your time, oh my
Listen, [?]
Nah, we gotta tell nobody
I won't end up wasting your time
I won't end up wasting your time, your time
I won't end up wasting your time, your time

Okay, time ist the most valuable thing in world
Second to that is the fact that you my girl
I could write a poem that feel like a song
Beside of that [?]
Any problem grow like roses from the crèche
Unpredictable and doubted, till it's sprouted or a hatched
I would break my back to know that I won't have to get you back
Cause I won't lose you for the fact, my loyalty is too attached
That's real
Your lips is pillows, I could sleep and dreamin' every kiss
Your body is an hourglass, the time is in your hips
Your head, it feels like mountain tops and dust all in the wind
Your conversation combs my nerves, your words are medicine
Yeah, it's unbelievable, built a foundation I thought it was unachievable
Baddies hit the addies in Dm's you know I've seen a few
But I don't read 'em shit I ain't seen 'em since I been seeing you, please
These other women, just know are ain't even close
Need you in a daily dose, when I'm gone I miss you the most
Had a lot go on my problem, you came and you crack the code
I don't wanna waste a second or breath [?]

Your time, your time
I won't end up wasting your time, your time
I won't end up wasting your time, your time
I won't end up wasting wasting, your time

Listen, we came here to party
Yeah I don't wanna hurt nobody
I won't end up wasting your time, oh my
Listen, [?]
Nah, we gotta tell nobody
I won't end up wasting your time
I won't end up wasting your time, your time
I won't end up wasting your time, your time
