M.B.T.M.I.U (My baby, take me I'm yours)
M.B.T.M.I.U (My baby, take me I'm yours)
I don't know if it's just unfamiliar to me even in my dreams
It's burdensome, but it's exciting
It's better to drink without saying anything
You're mine, and I'm yours
Everything about you is so beautiful
What should I do if you're an irreplaceable woman
My dear, now accept my love
You're mine, and I'm yours
On this starry night, my heart trembles
I'll give it all to you, babe
Come a little closer to me and hold my two hands
I'll give myself to you
Take me, take me, take me I'm yours
Take me, take me, I'm yours
Take me, take me, I'm yours
Take me, take me, take me, I'm yours
Take me, take me, I'm yours
Take me, take me, I'm yours
I know when I look into your eyes
Please don't say no
Even if I try to hide it, my heart won't hide
Are you mine? 'Cause I'm yours
On this starry night, my heart trembles
I'll give it all to you, babe
Come closer to me and hold my two hands
I'll give myself to you
Take me, take me, take me I'm yours
Take me, take me, I'm yours
Take me, take me, take me, I'm yours
Take me, take me, take me, I'm yours
Take me, take me, I'm yours
Take me, take me, I'm yours
Baby, baby, baby
Baby, baby, baby
I hate this time that goes by so fast that it makes my mouth water
I can't let you go, hurry up
Baby, I'm yours
Take me, take me, take me I'm yours
Take me, take me, I'm yours
Take me, take me, I'm yours
Take me, take me, take me, I'm yours
Take me, take me, I'm yours
Take me, take me, I'm yours
