

# Bad Bad News!

G-Eazy

Not at all, but you know, we can all be in love and we fall out of love  
And be in love with ourselves  
Love and love is perfect  
I've never felt this way  
Bad, bad, bad news

Uh, the look in your eyes, you don't seem halfway  
You're scared as you should be (Hm, why would I ever be scared?)  
Uh, and every single one of your friends says to run far away from me  
I'm bad, bad news (But I like you)  
They don't wanna see the trash of the youth, uh (So what?)  
I'm bad, bad news (Bad, bad, bad news)  
That's what they all say about me (Really?)

(Bad, bad, bad news)  
(Bad, bad, bad news)

Uh, I don't fit that mold  
Everything that shines isn't always gold  
You get mad, then your blood runs cold  
But I know you don't believe all them lies you told  
That I'm bad, bad news, uh  
Just another trash of the youth  
I'm bad, bad news  
Why would I give a fuck what they say about me?

(Bad, bad, bad news)  
(Bad, bad, bad news) You know, uh

What if we make a swell couple?  
Best friend thinkin' everythin' about him just spells trouble  
Dreams flyin' off the shelves, he prolly sells double  
Tellin' lies and sinnin', he belongs on the hell shuttle  
Fuck, arms covered in tattoos  
There's so many taboos 'bout him but she's in love with the bad dudes  
She don't listen when her friends say that he's bad news  
She knows better, that's my baby, yeah  
(Bad, bad, bad news)

(Bad, bad, bad news)  
(Bad, bad, bad news)  
(Bad, bad, bad news)  
(Bad, bad, bad news)

(Bad, bad, bad news)  
(Bad, bad, bad news)
