

Buddha

G-Eazy

This game is nothing I'm new to
Money too long for a ruler
I swim in it like Barracuda
Man I'm going deeper than scuba
Y'all know nothing 'bout this do ya?
Y'all know nothing 'bout this do ya?
Stay gold and man shout out my jeweler
I'm grateful I'm praying to Buddha
This game is nothing I'm new to
Money too long for a ruler
I swim in it like Barracuda
Man I'm going deeper than scuba
Y'all know nothing 'bout this do ya?
Y'all know nothing 'bout this do ya?
Stay gold and man shout out my jeweler
I'm grateful I'm praying to Buddha

New house, new watch
I play, you watch
Pay checks, new stocks
Put cash, in a shoe box
Old habits, die hard
You suck, you try hard
My block, my yard
Can't nobody here pull my card
I'm stuck to this game like a sticker
A beast when I'm off of the liquor
She calls when she wants me to dick her
So fine that she made me cum quicker
Don't argue, don't stress, we don't bicker
And this world is changing, I'm quicker
And Donald might be the new Hitler
Make me turn off the news with the clicker

This game is nothing I'm new to
Money too long for a ruler
I swim in it like Barracuda
Man I'm going deeper than scuba
Y'all know nothing 'bout this do ya?
Y'all know nothing 'bout this do ya?
I'm grateful I'm praying to Buddha
