

# Hell Is Round The Corner

G-Eazy

Hell is round the corner where I shelter  
(Hell is round the corner, hell is round the corner)  
If you believe or deceive, common sense says shouldn't receive  
Hell is round the corner where I shelter  
(Hell is round the corner, hell is round the corner)  
Hell is round the corner where I shelter  
(They juice me, seduce me. Dress me up in stussy)

Wake up, wake up, wake up  
What the fuck happened to me  
Feel like I woke up in another world  
My whole life, it changed completely  
Racing and chasing for this girl  
Now I'm neighbors with the devil and he kicks it at my crib  
And I stay on the same block as demons, they know where I live  
They keep knocking on my door looking for something every night  
I think I might give in soon, I feel like I'm losing this fight  
Here we go now

Hell is round the corner where I shelter  
(Hell is round the corner, hell is round the corner)  
If you believe or deceive, common sense says shouldn't receive  
Hell is round the corner where I shelter  
(Hell is round the corner, hell is round the corner)  
Hell is round the corner where I shelter  
(They juice me, seduce me. Dress me up in stussy)

Yes I'm me and I know everything that I'm about to be  
But my vision has been blinded and I can't tell what I see  
And I'm lost inside a sea of real deep inadequacy  
And I just don't know if I can swim my way on up to breathe  
But I need to make it out of this, I'm drowning, and it's obvious  
The problem is this pressure's heavy as a hippopotamus  
This music's stressing me, I wonder if I'm all in this  
Manic depression is what the doctor's calling this

Hell is round the corner where I shelter  
(Hell is round the corner, hell is round the corner)  
If you believe or deceive, common sense says shouldn't receive  
Hell is round the corner where I shelter  
(Hell is round the corner, hell is round the corner)  
If you believe or deceive, common sense says shouldn't receive
