

# Hittin Licks

G-Eazy

Yeah (It's time for the ninety-nine)  
Ayy, yeah

One of one, ain't no one like me  
One of one, ain't no one like you  
Yeah, we the shit together  
Let's go around the world hittin' licks together, yeah  
One of one ain't no one like us  
Why the fuck you think they don't like us?  
Ay, we the shit together  
Let's go around the world hittin' licks together (Uh)

You my bitch forever  
I wanna mob with you, hittin' licks together  
Through thick and thin we stick together  
Let's run a threesome, hit a bitch together, yeah  
But honestly, we're enough together  
Let's move to Paris and be rich forever  
Then maybe go half on some kids together  
Settle down in Florence, baby, it's whatever, yeah  
Wintertime we can switch the furs  
40K a piece, cop his and hers  
Vicuña plus got the Birkin purse  
Scenic route in the 'Rari while the engine purrs

Uh, you make the boy calm down  
I just want to hear you sing this song out loud  
Uh, and she loyal to the core  
I'm worried about her, I ain't worried 'bout yours

One of one, ain't no one like me  
One of one, ain't no one like you  
Yeah, we the shit together  
Let's go around the world hittin' licks together, yeah  
One of one ain't no one like us  
Why the fuck you think they don't like us?  
Ay, we the shit together  
Let's go around the world hittin' licks together

Bonnie and Clyde, no reason to switch  
Ready to die, it's just me and my bitch  
We out to Dubai when the seasons switch  
Left some girls in the past, I ain't seen 'em since  
Call from the plane as it takes off for you  
Came to see you, took some days off for you  
One life to live, I would die for you  
Whatever you ask, you know I would supply for you  
Rolex, Chanel clutch I buy for you  
Cartier nail bracelet 'cause I adore you  
Answer whenever you call, I won't ignore you  
2000 roses Venus ET Fleur, yeah, I'll spoil you

Uh, you make the boy calm down  
I just want to hear you sing this song out loud  
Yeah, and she loyal to the core  
Worried about her, I ain't worried 'bout yours

One of one, ain't no one like me  
One of one, ain't no one like you  
Yeah, we the shit together  
Let's go around the world hittin' licks together, yeah  
One of one ain't no one like us  
Why the fuck you think they don't like us?  
Ay, we the shit together  
Let's go around the world hittin' licks together
