

# Nothing Wrong

G-Eazy

Haha, yeah!

Haha, yee

I-I don't see nothin' wrong with-with my behavior

You know

If she just wanna sniff, she just looking for a lift and if we finish off a fifth, I don't see nothin' wrong

If I spend a few bands when I should have let it stack

I can make that shit back, I don't see nothin' wrong

If I smoke a whole ounce and I don't even leave the house

I could look at my accounts and I don't see nothin' wrong

I'm unapologetic, you can tell by what I'm on

If you don't like me, fuck you, this is nothin' but a song

My mama said, "judge not, yet ye be judged"

Well you don't trip, the bullshit just get skipped like a CD does

She light up more than GE does

I'm in the party just appreciatin' the molly and my Fiji buzz

Why stress, I'm too blessed to ever come down

I might be the rarest cat that's ever been found

I'm on one off the medicine now and it's a Wednesday

I'll end up fuckin' something and wake up drunk the next day

They love to talk about it, people sayin' I'm reckless

The microscope I'm under, they just love to inspect us

But fuck 'em, make them eat their words for dinner and breakfast

That shit come back around, full circle though like a necklace

Fuck outta here, I can't fit no bullshit in my agenda

If you're artificial Splenda, well then you are not a friend

I never save, I'm spending cash for as long as I remember

So I went to spend a fortune on this Porsche and not a rental

If she just wanna sniff, she just looking for a lift and if we finish off a fifth, I don't see nothin' wrong

If I spend a few bands when I should have let it stack

I can make that shit back, I don't see nothin' wrong

If I smoke a whole ounce and I don't even leave the house

I could look at my accounts and I don't see nothin' wrong

I'm unapologetic, you can tell by what I'm on

If you don't like me, fuck you, this is nothin' but a song

Strip club in this damn prop protection, cop blockin' at the ATM

We be going dumb until like 8AM, uh

Lana think I'm crazy, and I maybe am

Killing hella brain cells in my cranium

The realest who did it and got away with it

They pouring drugs on titties and now and everybody sniffin'

She acting shocked by it, guess we live a little different

I'm out here just mobbin' in my Oakland A's fitted

I'd never sell my soul, I stay green and gold

I knew I'd be a legend back since I was 10 years old

I knew I would be cold, his story would be told

I'ma have to fuck Jessica soon, before she gets too old (Alba)

I'll snatch her from her husband, I told you I was cold

I'm going Super Saiyan, yes I'm enterin' that mode (Hadouken)

Like Goku, I'm boastful, I'm so anti-social

The money's all I say hello to, like goddamn, that's so true

If she just wanna sniff, she just looking for a lift and if we finish off a fifth, I don't see nothin' wrong
