I treat the gang like one of my phones
You can't get in without knowin' the code
Call and collect for all that I'm owed
This ain't origami, I'm never gon' fold
Saint Lauren tote
Oh, shit
My dog 40 Water, I tell him to go
Take what I'm owed
Oh, shit
This ain't origami, I'm never gon' fold

One in a million (Ayy)
Why would I take your opinion?
You would prolly would fold in the shit that I been in
Made it out, ooh, what a feelin'
Look how they done turned the hero to a villain (Villain)
Notice we callin' them opps

Only attachment I want is a message with videos, images
Please don't act innocent (You know what time it is)

I got so used to me winnin' shit
Won't even suit up for scrimmages (No)
I turned a deal to a dealership
We used to drive out of state with the pack
Put trees in the boot like a Timberland, ooh
My bitch and my ex back and forth with the racket
I feel like I'm at the Wimbledon, ooh
I get to wake up a CEO
Shit, she say I'm lucky
But she get to wake up and see me though
Shit, so who really lucky?
Mixed up some lean
I put the D on her, bring her 'round primetime, I had to D on her
She brought her friend, she look like Rihanna
Won't have the molly, won't have the C on her
Let's have a threesome if we agree on her
I feel like Klay, I hit the three-pointer
You know she mine, you see the G on her
Seen her with me, now they tryna be on her, ayy
