

Outside

G-Eazy

Ha-ha-ha
{Yee}
Let's do it, ha-ha (We outside)
{You know} (Okay, okay, ha-ha-ha-ha)
{Uh}

I got a model by my side lookin' at me heavy-eyed
In a tiny red dress, is she the devil in disguise?
I think she knows I came in this bitch with party supplies
Anything flies, you got somethin' that can help me energize (Yeah)

Wearin' shit they never seen before
I shop at spots that you gotta make appointments for
Man, I had a ELS where you gotta buzz the door
Go out at one and we don't leave before four

And I been in the back room
Homie said he had shrooms
Psilocybin capsules
I be feelin' that soon
Passed her the bag, then she took it to the bathroom
Cleaned it out again, I ain't know shorty was a vacuum

Been mixin' all sorts of things with faces I never seen
Forgot that I was famous, man, whatever famous mean
Will I wake up in the mornin'? Who's this stranger in my sheets?
Tellin' myself to chill, the inevitable repeats
Yeah

What you want? Where you at, G? You outside? (You outside?)

He got his girl blowin' up his phone, but he with me, he ain't pickin' up
I'm talkin' four-door black truck, I'm talkin' Don Julio in the cup
We workin' night every other day 'cause we grab a plate and we don't give a fuck
I'm talkin' five-star, mm-hmm, I'm talkin' five-star dates
I'm tryna make him my lil' eater, put my Crumble Cookie all up in his face (Mm)
Uh, 'cause I'm a five-star bitch
I need some five-star dick
'Cause I got a five-star clique
And when I climb on his face, that's where I five-star sit

You bitches ain't five-star shit, bet you five-star hit

Ha-ha, are you shittin' me or are you kidding me?
