

Say Less

G-Eazy

Tap, tap, tap, tap
I was born a white fiend, but I'm a bachelor and I'm so likely
Snatch this girl and I'll dance all night
Everywhere I go, most are extra
Anywhere you go, they all want attention
But anywhere I go, there's minimal pressure
This is Rari, this ain't no Tesla, please don't race us
Shops keep saying, places and faces
When I'm in London, it gets dangerous
Up all night, everyone rages
We buy Casamigos cases
If you could, you would straight places
Break on some jumbo laces, uh
Don't leave no traces, uh

A little bit of Henny, a little bit of smoke, a little bit of rest
A little bit of party, a little bit of bullshit, a little bit of sex
A little bit of sex, sex, sex, sex, sex, sex, please say less
Please say less, please say less
A little bit of Henny, a little bit of smoke, a little bit of rest
A little bit of party, a little bit of bullshit, a little bit of sex
A little bit of sex, sex, sex, sex, sex, sex, please say less
Please say less, please say less

Please say less, please say none
You lost, me the one
Soon as we bring them out, they run
Play football, but I don't get drunk
Champagne, Casamigos, rum
Six to the beach until she
Six to the beach until she
I'm on that beautiful women kill street, huh
And she on drugs in the studio, come at you with it, I'm dying, I fee
l you, huh
I'm a cash cow and I'm all white colored, huh
And you still can't tell me, huh
Still can't tell me, still won't bend, oh, they might have to kill me
, huh
They might have to send an army, told you, easy start a Ferrari
Say less, say less, say less, say less

A little bit of Henny, a little bit of smoke, a little bit of rest
A little bit of party, a little bit of bullshit, a little bit of sex
A little bit of sex, sex, sex, sex, sex, sex, please say less
Please say less, please say less
A little bit of Henny, a little bit of smoke, a little bit of rest
A little bit of party, a little bit of bullshit, a little bit of sex
A little bit of sex, sex, sex, sex, sex, sex, please say less
Please say less, please say less
