Hello

It's the hardest working rapper I'mma do it until you're tired of me  
Catch me in the lab with a pad and a fire beat  
Purpell Treez and a session working privately  
The endo, show love, and the babes what inspires me  
Now I'm cross the country, all these labels want to hire me  
I'll probably sign a deal, blow the budget, let them fire me  
Take that and run do my promo virally  
I'll write it, and record it, and produce it entirely  
But I can't help to think about the irony  
I drop mixtapes to embrace all the piracy  
Shit I'm just out to get my notoriety  
And give Hip-Hop just a little more variety  
The little dude goes hard, yup this is true  
And this beat feels like someone is kicking you  
Flying high about to blow like a missile do  
Now everybody shut the fuck up like I'm shushing you

Shh!  
Don't make no sound  
This is the part where the beat breaks down

Nonsense, these rap crap niggas no contest  
This is lyrical warfare, each uh is a bombshell  
It's awesome, awesome, sicker than your average  
Your boy could kill your album with two lines filled with ad-libs  
Ain't talking about [?] I'm talking about decent  
Sun god flow sent [?] is nearly reaping  
As a recent I burn across sheets like Ku-Kluxs  
Drop a duce and this bodicious dissing is proof of  
I'm the [?] of lingo over mouth stress and quite down  
Ain't a game, they just scrimmage my image when I'm in town  
I pleaded my case, you be the judge who's winning now
