

The End

G-Eazy

Yeah, yeah
Middle finger to the world but my thumb in the butt, yuh
She hit me up
For you she a ghost, but for me she a slut
I got issues with trust and Imma (wooh)
So I can't even bust

I'm addicted to the pain and the pleasure
I hit the club when I need to feel better
You know we're not gonna be here forever
So if these my last minutes then I wanna spend them in it

If it's the end of the world
(Woahh)
If I fuck you girl
If it's the end of the world
Then all I want, all I want, all I want
Is to f*** you one more time

(Fuck you one more time)
(Fuck you one more time)
(Fuck you one more time)

I made my mind up, uh
If it's the end of the world then I want you to be the last person I
fuck
Yeah, time's coming down
It's the apocalypse now
I ain't making this up
But if I go out at least Imma go out waking shit up (You know)
No mix in my cup
But I want to mix up some liquor with you
I'm tryna watch the world finish with you
Finish together
You're finishing too
Faded I just wanna spend it with you
Thinking like "how did I end up with you?"
But since it's the last day on Earth
Usually I pull out but now I might finish in you

If it's the end of the world (Yee, Haha, yeah)
(Woahh)
If I fuck you girl
If it's the end of the world
Then all I want, all I want, all I want
Is to f*** you one more time

(Fuck you one more time)
(Fuck you one more time)
(Fuck you one more time)
