Been hearing disrespect from all these children that I'm sunnin'  
For I been putting work in you ain't been putting none in  
So, thinking hatin on me, might just get you something  
Are you dumb and you just wanna start some shit up off of nothing?  
Look, I don't get it, you haters are pathetic  
See I'm nothing, mass obsession will only hurt you if you let it  
I know you like my style and my image and aesthetic  
How I put my plans in motion that's kinetic, you get it?
