

Baked

G Flip

What have you done to me?
I've lost my mind
I told mom, "I'm cutting back"
And now she thinks I'm high
And I'm a stubborn bitch
But it don't faze
Baby, what the fuck?
I said, "I'll never love again"

I'm your psycho
Nitro
You're my Milky Way
You look lovely
Above me
What else can I say?
And if I could, I would
Stuff you in my face
Ooh-oooh

You're no piece of
You're no piece of cake
But I can't wait 'til we're getting baked
You're no piece of cake
But I can't wait 'til we're getting baked
You're no piece of cake
But I can't wait 'til we're getting baked
You're no piece of cake
But I can't wait 'til we're getting baked
You're no piece of cake
But I can't wait 'til we're getting baked

What have you done to me?
You make me fly
Milk and sugar, flour, fun and
Lovin' through the night
And you're my emo chick
I always crave
Baby, what the fuck?
I want you all over my face

I'm your psycho
Nitro
You're my Milky Way
You look lovely
Above me
What else can I say?
And if I could, I would
Stuff you in my face
Ooh-oooh

You're no piece of
You're no piece of cake
But I can't wait 'til we're getting baked
You're no piece of cake
But I can't wait 'til we're getting baked
You're no piece of cake
But I can't wait 'til we're getting baked
You're no piece of cake
But I can't wait 'til we're getting baked

Ay
Won't get high without you
Ay
Won't get high without you

You're no piece of
You're no piece of cake
But I can't wait 'til we're getting baked
Won't get high without you
You're no piece of cake
But I can't wait 'til we're getting baked
You're no piece of cake
But I can't wait 'til we're getting baked
Won't get high without you
You're no piece of cake
But I can't wait 'til we're getting baked

No, I ain't gonna do this alone
Yeah
Uh, gon' stuff you in my face
