

Hate Me

G Flip

Shouldn't do
There's certain things I shouldn't do
And one of those is talk to you
My actions could be misconstrued

Are you okay are you okay
I hate the way you ran away
Just let me say just let me say
Are you okay then I'll go away

Hate me
Do you hate me right down to my fucking core
Do you hate the way I still care like before
Just let me say just let me say
Are you okay then I'll go away
Hate me
Do you hate me right down to my fucking core

Wanna do
There's certain things I wanna do
You know I wasn't acting cruel
That's never been my attitude

Are you okay are you okay
I hate the way you ran away
Just let me say just let me say
Are you okay then I'll go away

Hate me
Do you hate me right down to my fucking core
Do you hate the way I still care like before
Just let me say just let me say
Are you okay then I'll go away
Hate me
Do you hate me right down to my fucking core

I never thought this would be how we would end
Yeah I was sure that I would see you again
Never thought this would be how we would end
Yeah I was sure that I would see you again

Shouldn't do
There's certain things I shouldn't do
And one of those is talk to you
