

## Kevin

## G Flip

Kevin wants me dead in my DMs  
He's a homophobe  
And he wants to get me arrested  
'Bout my gender roles  
So I'll put on a dress, kiss some boys  
And let it go  
'Cause Kevin's got the best advice  
If you didn't know

Ah-ah-ah-ah-ah  
I wanna understand you  
Trying to get inside your mind  
I'm not getting through  
I'm not gonna waste my time  
With your point of view  
I can't understand you  
You need a little rain  
If you wanna see a rainbow  
Know you're scared of change  
But Kevin, you gotta let it go

Go  
Go  
Go

Kevin, do you mind  
If I wear a suit to the show?  
I got you and Karen  
Fancy tickets to the front row  
I've been working hard  
Just so you can see it up close  
Boys  
I'ma give you ass, do my dance  
That you love so

Ah-ah-ah-ah-ah  
I wanna understand you  
Trying to get inside your mind  
I'm not getting through  
I'm not gonna waste my time  
With your point of view  
I can't understand you  
You need a little rain  
If you wanna see a rainbow  
Know you're scared of change  
But Kevin, you gotta let it go

Go  
Gotta let it go  
Go
