

# Waiting Game

G Flip

I know you're in pain  
And I'm the fucking same  
Six days and I'll be flying home

Diagnosed insane  
You're worrying all day  
Another date that I'll postpone

I know you hate it  
I know you hate it  
You're always waiting  
You're always waiting  
And right when you need me  
Right when you need me  
I'm gone before you need me most

We're going insane in this waiting game, so please don't give it up  
We don't wanna lose, we don't wanna bruise, so please don't give it u  
p  
And I know you're in pain and I'm the fucking same, but no one has th  
is kind of love  
We're going insane in this waiting game, so please don't give it up

Maybe I'm scared 'bout who you think of when you close your eyes  
I'm borderline lost and kind of fucked so don't say goodbye  
(Yeah) I'm too dramatic, oh, I can't stand it  
So problematic, can't fix this damage  
It's sad that I need you, sad, sad that I need you  
Sad that I need you most

We're going insane in this waiting game, so please don't give it up  
We don't wanna lose, we don't wanna bruise, so please don't give it u
