

Waking Up Tomorrow

G Flip

I don't feel like waking up tomorrow
If you're not right there by my side

Feels like I haven't seen you in a year
Don't know what your face looks like anymore
I used to put your hair behind your ears
And kiss you from your head down to the floor
Trace my finger from your forehead to your nose
So you could fall asleep
And I don't pretend to anyone
That I'm feeling complete without you with me
And I know that we're losing breath
And I know I fucked us up again
And I see that I made this mess
And I bleed tears to all my friends
And even in these sheets I don't find no peace
Cause when you're gone I'm gone, so come and lay with me

Cause I don't feel like waking up tomorrow
If you're not right there by my side
And I won't sleep tight 'cos baby I feel hollow
No I don't feel like waking up tomorrow
Waking up, waking up, waking up

Now that you've arrived
I feel like I'm alive
And I don't want to see you leave
We're always back and forth
Are we ever heading north?
No we can't guarantee
For the moment let's not let the season change
Hold me tighter, you're my fighter and never let me go again

Never let me go again
I just want you to hold me, console me
And I know that we're losing breath
And I don't want to see us end
And I hurt when you're not around
Wish you were tied to this town
And even in these sheets, I don't find no peace
Cause when you're gone I'm gone
So come and lay with me

Cause I don't feel like waking up tomorrow
If you're not right there by my side
And I won't sleep tight 'cos baby I feel hollow
No I don't feel like waking up tomorrow
Waking up, waking up

I'm not alright
I'm not alright (waking up)
Yeah I'm not alright
I'm not alright

Cause I don't feel like waking up tomorrow
If you're not right there by my side
And I won't sleep tight 'cos baby I feel hollow

No I don't feel like waking up tomorrow
Waking up, waking up, waking up
