I'm on top of the business and the logistics that's why I'm goin' hard

If my friends ain't chasin' M's, then it's a chance we might grow apart

If I'm takin' risks again, you can, I did this for the squad (Gang)

I was breakin' down back ends to spin the niggas ain't want a job

I ain't selfish if a shooter, cut to the rim, I'd throw a lob

Thought I was takin' care of the savages like all my favorite rappers did

When I signed the newest deal, my bro don't got a trap again

God knows I made it off my block, that mean I gotta win

My lil niggas keep spinnin' and spinnin', I told 'em they ain't even gotta s
pin

Yeah, I come from the struggle but I wanted money and I went and got that sh
it

Don't even want no advance, but show me a hundred, I'm comin' to snatch that
bitch

Shit comin' in so quick, I started to glitch I can't even relax and shit

And I ain't givin' a fuck, they want me to stack, I be goin' to Sacs 'n shit

Nigga, I was dead broke runnin' around with Max, now I'm gettin' a max for s
hit

Long live Max murder Max CMoney
