Had rope
Me and myself I never had rope
Uh
(C-Sick)
Aye

They tried to make me hang myself, I never had rope
Used to pop out on my block everyday when I had smoke
Soon as we got rid of all that smoke, shit, I was like a ghost
Ran up M's when they said I won't, I'd like to make a toast
All my real niggas, all my bad bitches
Same hoes ain't say my name when I never had riches
Same niggas jumped on my dick now walk up want a picture
They ain't never played in them trenches, I was in the mixture
They just wanted chains hanging, I was with them killers
Back then if you gang bang you had to know that literature
Yeah I still be gang bangin' my shit look like glitter
Fans on my IG comments hatin', my shit look like Twitter
I don't want no hoe bitch I let foenem blitz her
I'll take a broke bitch in one night and fix her
I met me a rich bitch, thought she was mine
I tricked her
I was drinking Basa straight, she was off a spritzer

I'm that nigga for real, I'm that nigga for real
I'm that nigga for real, nah, I'm that nigga for real
