Bitch I never cared to die was never scared
Never ever am what I never did
You was never there no you never was
So I never cared cause they was never us

You was never us, that's why I never trust you
Try to jump on my money bus nigga go fuck yo mother
I was too busy chasin bread I was like fuck the butta
Now these bitches smell like butta all on a mufucka
And my niggas them my brothas fuck them otha mufuckas
If they don't let us in this line we gon' cut a mufucka
We might up this bitch and pistol gun butt a mufucka
We got pistols but them bitches drums
And went about my young money I'm gutta gutta, the devil brotha
But I still gotta keep my angels hummin, the devil brotha
When I was young I used to look up to niggas woulda did whatever I love ya
Now I'm a rebel I'm living renegade I'm like whatevera fuck it
Until that point when they just in the way, I'm like whatevera buck em
In the field better keep that helmet on, I'm like whatevera truck em
I get high all day to fight the same devil I must be stuck with em
They like damn swervo don't get to see you never, I must don't fuck with em
He think he tough I call him Eazy E gon' let his nuts kill em
Plug sendin bricks I call him weezy we I make them trucks fit em
Leave em like lil jay rock fuckin with ray ray, let them bucks hit em
Ain't got no more ops we let them flucks hit em

Bitch I never cared, to die was never scared
Never ever am, what I never did
You was never there, no you never was
So I never cared, cause they was never us

Hold on gotta go strong no emotion from kings
Pressure on me so I can't do no wrong, challenges nigga I'm takin em on
Act like we ain't all grown, niggas got it all wrong
How Imma put us all on
Sometimes I don't turn my phone on, fuck shit all in my call log
Baby momma trippin I call home
Maybe matter fact fuck all ya'll
Fuck niggas on instagram, I don't even log on
Forty in my hoodie pocket from the block I used to jog home
They in his bushes in his back we on his block I want em all gone
Like everyday was on attack we couldn't stop til they was all gone
I remember that day when they hit Roc and it was really on
If it ain't no snitches in the hood tell me how Gilly gone

Bitch I never cared, to die was never scared
Never ever am, what I never did
You was never there, no you never was
So I never cared, cause they was never us
