

Vacation

G.R.L.

Was crying all night
I slept until noon
I just wanna lie in
My living room

I know in my heart
That you're not the one
So I'll just stay home
Watch VH1

My girlfriends know what to do-oo
They know what to say, oh-oh-oh
My girlfriends to the rescue-oo
Come take me away

I'm on vacation tonight
I'm gonna leave you behind
I'm on vacation tonight
I'm gonna lose my mind

With someone new... new...
With someone new... new...
With someone

I sit in the front
Roll down the window
When our song comes on
The radio

I won't fall apart
I won't self destruct
No, I'll just reach out
And turn it off

My girlfriends know what to do-oo
They know what to say, oh-oh-oh
My girlfriends to the rescue-oo
Come take me away

I'm on vacation tonight
I'm gonna leave you behind
I'm on vacation tonight
I'm gonna lose my mind

With someone new... new...
With someone new... new...
With someone

Yeah, la, la, la, la, la
(Girls, let's go)

My girlfriends know what to do-oo
They know what to say, oh-oh-oh
My girlfriends to the rescue-oo
Come take me away

I'm on vacation tonight

I'm gonna leave you behind
I'm on vacation tonight
I'm gonna lose my mind

I'm on vacation tonight
I'm gonna leave you behind
I'm on vacation tonight
I'm gonna lose my mind

With someone new... new...
With someone new... new...
With someone
New
