

## In Da Hood

G-Unit

I still be ridin' through the hood  
Brooklyn to Compton, it's all good  
From Southside Queens to Inglewood  
We representin' like we should

I'm hot, boy, I told you befo'  
Got that Benz and that Hummer off the showroom floor  
I know you hate it when I pop up, wrist all rocked up  
'Hood empty, niggas locked up, they rats all knocked up  
Baby after baby, the 'hood is crazy  
Niggas'll set ya up and wet you up, trust me, they shady  
Got a pet bulldog I keep under my linen  
It don't bark, it spark when that revolver spinnin'  
We winnin'

I still be ridin' through the hood  
Brooklyn to Compton, it's all good  
From Southside Queens to Inglewood  
We representin' like we should

Hold up, hold up, get a good look at my rims  
Goddamn, look at them twenty-fours inch diamonds spin  
Now the D's, they harass me in the 'hood  
A few times niggas tried to blast me in the 'hood  
Fuck it, it's all good  
Catch me in the coupe, on the lean  
With needles and samples and diesel for the fiends  
The money stay on my mind, so I stay on the grind  
Plus niggas like to stun, so I stay with the nine  
I ain't the type nigga that be out, runnin' his mouth  
Talkin' gangsta and shit, with my gun in the house  
Nah, homie, better get to know me better  
Before you be leaking pints of blood into your Iceberg sweater  
When the talons come flyin' up out the Beretta  
You gon' feel like it's your fault and say, "man, I knew better"  
Look, dawg, I don't play that shit  
I pull that thing out I'mma spray that shit  
That's how I get down

Brooklyn, she's so sick in the hood  
Got these fat bitches get the spit in the hood  
Cause I throw diamonds, shoot the fifth in the hood  
That's what you get for talking all that shit in the hood  
Yeah, I'm still a minor, remember this  
Everything Brooklyn'll drop you broads'll fall behind her  
Brooklyn to Compton, it's all good  
Get robbed, get shot, shit is poppin' in the hood

I still be ridin' through the hood  
Brooklyn to Compton, it's all good  
From Southside Queens to Inglewood  
We representin' like we should
