

If there's a problem then it's on sight  
Hope somebody cares about 'em, 24 hours wildin'  
There be violence around here all night  
We ready for the battle with the shit we can paddle  
Though when you show up it's a DOA  
Everybody cryin' to your family, you lyin'  
Won't a damn thing be ok  
Look what I'm becoming  
Won't be slowing down for nothing

Look, I got them buggin' fuck out, been glowin' lately  
Middle of the ring when they droppin', I know I'm crazy  
The horror's too much to stomach, he vomit maybe  
A bunch of rules we abolish, narcotic babies  
Took a posse of loonies [?] to raise me  
The odds were shaky  
My heart's still breaking, [?] you had to take 'em  
[?] around, get your organs sliced  
[?] you wasted all your life  
It bees like that, just one of them nights  
I bet them people crackin' goin' for white  
Where them clappin' on the corner  
Can't seem to last, too long a fight  
You'd rather kill then leave here wrong or right  
Who need a strong unite  
Whip through your neighborhood all in spite

If there's a problem then it's on sight  
Hope somebody cares about 'em, 24 hours wildin'  
There be violence around here all night

Miss me with 'em candy rappers, I'm not them other suckers  
I probably fucked your baby mother, I'm a motherfucker  
No loyalty among thieves, just too emotional  
Your heart on your sleeve  
With mood swings, bobbin' your weave  
Fit the apple after Eve, man, I got no soul  
I'm around from the crossroad, Jesus piece, rose gold  
You got Pinocchio nose, you only sold in your flow  
I'm on that cold corner bumpin' Cold Corner by my bro  
Got it for the low on the low  
Even if I don't blow, I got blow  
Your hoe detonate and watch her blow  
Eenie, meenie, miney, moe  
Which one of y'all got to go?  
Cop asked me what they shot me for  
I told 'em bitches I don't know

Humble beginnings in a crack team  
But everything changed when the money came  
We went from duckin' the narcs to condos in Battery Park  
Send my bitch to DR, she done up  
Her ass and her breasts sick  
I feel like fat cat in '86  
A hundred bricks for that yard stick quality  
Drought come we got enough to raise the economy  
Bomb first cause these haters ain't harmin' me  
Forward thinkin' so the past don't bother me  
Where I'm from victory is survival  
Snitches on the steer with their hand on the Bible  
To be or not to be, that's the question  
I'm out to get it, obstacles in my direction  
No new friends cause these fake niggas snitchin'  
We all trial in the streets and the jurors is the henchmen

If there's a problem then it's on sight
