

Money Make The World Go Around

G-Unit

Money make the world go 'round
Money make the world go 'round

New York, money make the world go 'round

Down South, money make the world go 'round

Some people want nothin' out of life
And some people want it all
Some people ain't livin' life right
But fast money make God call

I'm prayin' to the angels but worship the devils
Yeah, a nigga rich but I'm livin' like a rebel
Ridin' with my strap on, foot on the pedal
Them silly beef raps, now they on another level, level

I grew up on a crop side, the New York Southside
Stayin' alive was no jive
Standin' on the strip you get stuck like Velcro
Jake jump out, you see heads and elbows

Run, nigga, run, nigga, here they come, nigga
Throw that pack nigga, toss that trigger
Kid, I'm still in the P's, girl, I love the Audi
If yo' ass pregnant, girl, leave the party

My stashbox so big, it could move the shotty
God, it ain't my fault if I shoot somebody
I ain't in it to lose, I'm in it to win
Sex, money, murder, take the safety off my sins, yeah

Money make the world go 'round, you better get it
Money cause hatred as soon as you get it
Money make whores, money cause wars
Money make the world go 'round so get yours

Yeah, money make the world go 'round and I got her
Buckle down, do anything for the dollar
Enough bills'll make your blood spill
Kill for bread, anyone will from Queens to Gun Hill

I'm one man but I own more than one steel
Shiny trey-pound, black 9-mil
Magucci leather got me shoe crazy
Quarter mil' vehicle and I'm a oops, baby

And if I'm wearin' my chain it's 380
Like Fat Joe, nigga, you crazy?
Man, f*ck friends, this T-dot-O-dot-S
Have it how you want, speed knot or pop chess

Police stompin' niggaz by the twenty
And shootin' by the fifty, ain't a damn thing funny

Matter fact, man, I'ma do anything for the dough
N.Y.'s finest with llamas and mo'

Money make the world go 'round, you better get it
Money cause hatred as soon as you get it
Money make whores, money cause wars

Money make the world go 'round so get yours

I love that money, I need that money
It gives me shelter, it's there when I'm hungry
It feeds my kids, it fills my fridge
It pays my bills and the mortgage on the crib

It keeps me icy, it make hoes like me
It gives me seats at the Garden next to Spike Lee
It made me rich, it made me change
I seen a lot of places and bought a lot of things

You got me haters, you got me drama
You paid for the lawyers, you paid for the llamas
You make niggaz goners, you rule all the corners
When somebody dies, you gotta pay the mourners, mourners

Money make the world go 'round, you better get it
Money cause hatred as soon as you get it
Money make whores, money cause wars
