

Easy

Gabbie Hanna

Have you wrapped around my finger
But you're hangin' on by a thread
Float you to the sky
But I'll drop you on your f- head
You know me
It's how I've always been and always be

I'll play with your hair
Then I'll make you wanna rip it out
Whatcha goin' on about?
Quit your cryin, baby, whatcha whinin' for?
You know what you signed up for

I'll admit that I can be a fighter if
You admit that I'm the best lover that you ever had
Best lover that you'll ever have

Oh, bein' with me ain't easy, easy, is it?
But you want it, yeah, 'cause you love it, ugh
And you know you can't get enough of it
Oh, bein' with me ain't easy, easy, is it?
But you want it, yeah, 'cause you love it, ugh
And you know you can't get enough of it

I'll make you feel alive
Then I'll have you wishin' you were dead
Make you cry
Then give you my shoulder to rest your head
I'm unfazed
Were you expecting me to change?

I'll fill your heart with love
Then I'll yank it right from your chest
Hold the mess
Watch it while you gasp and take your final breath
R.I.P.
And you said you'd be the death of me

I'll admit I can be a little crazy
If you admit that you love all the ways we
Made each other laugh
I know you miss what we used to have

And I know that's not the only think you're missin'
You're dismissin' that you're wishin'
That you could be kissin'
Every part of me
Hate me but can't get enough of me

Oh, bein' with me ain't easy, easy, is it?
But you want it, yeah, 'cause you love it, ugh
And you know you can't get enough of it
Oh, bein' with me ain't easy, easy, is it?
But you want it, yeah, 'cause you love it, ugh
And you know you can't get enough of it

(Bein' with me, easy, woah

Bein' with me, easy, woah)

Pull you close, pull you close
Never wanna lose you, babe
Tighter now, tighter now
Hope that you don't suffocate

Sorry if you suffocate

Oh, bein' with me ain't easy, easy, is it?
But you want it, yeah, 'cause you love it, ugh
And you know you can't get enough of it

Oh, bein' with me ain't easy, easy, is it?
(Lovin' me ain't easy, yeah)
But you want it, yeah, 'cause you love it, ugh
(And you know you can't get enough, oh)
And you know you can't get enough of it

(Bein' with me, easy, woah
Bein' with me, easy, woah)
