

Runaway

Gabbie Hanna

So sick of the fightin' we're fightin' for what?
So we can fight some more
There's no point in tryin' you've given me up
Got both feet out the door

But please, don't walk away from me
I know the damage is done
Baby please, don't walk away from me, oh

Run, runaway, runaway
Runaway as fast as you can
Runaway (runaway)
Runaway (runaway)
Runaway as fast as you can

So sorry I trapped you, chained you to my walls
I'm so glad you broke free
And I hope you feel lighter, from when you unloaded
The burden that was me

But please, don't walk away from me
I know this damage is done
Baby please, don't walk away from me, oh

Run, runaway, runaway
Runaway as fast as you can
Runaway (runaway)
Runaway (runaway)
Runaway as fast as you can

You're the one who got away
And I am the one you escaped from, oh
When I wanted you to stay
I'm beggin' you to run, run

So please, don't walk away from me
I know the damage is done
Baby please, don't walk away from me, oh

Run, runaway, runaway
Run as far as fast as you can
Runaway, don't waste another day on me
Run
