

## Cowboy Back

Gabby Barrett

Mmm

Red dirt, wear it like a badge on your work boots  
White t-shirt that you sweat through  
Mm, lovin' that view  
Workin' that land looks good on you  
Blue jeans, all torn up from a wire fence  
Old red diesel you're ridin'  
Mm, you and that Ford  
Nah, they don't make 'em like that no more

Bring back them Carhartts, baby  
Break out them old Luccheses  
Black Stetson keep the sun out your eyes  
My shotgun ride or die  
"Yes, ma'am" with a Southern accent  
Stand up for what needs standin'  
Thank God I got a man like that  
Look at you bringin' cowboy back

Real men, once they give their word, they don't go back  
Takes a little more than a Bass Pro cap and a Skoal ring in bac  
k  
I want the whole truck, not the trucker hat

Bring back them Carhartts, baby  
Break out them old Luccheses  
Black Stetson keep the sun out your eyes  
My shotgun ride or die  
"Yes, ma'am" with a Southern accent  
Stand up for what needs standin'  
Thank God I got a man like that  
Look at you bringin' cowboy back

Bring back them Carhartts, baby  
Break out them old Luccheses  
Black Stetson keep the sun out your eyes  
My shotgun ride or die  
"Yes, ma'am" with a Southern accent  
Stand up for what needs standin'  
Thank God I got a man like that  
Look at you bringin' cowboy back

Mmm, yeah  
Mmm, bringin' cowboy back
