

# Rose Needs A Jack

**Gabby Barrett**

I don't need to mention  
When I need attention  
You already know  
And I love the way your green eyes  
Light up when they see mine  
It's like comin' home  
You're John Wayne tough  
But when you're with me  
You treat me like a queen  
Like I'm your everything  
I ain't lettin' go

We all should have somebody  
Makes us feel like we're somebody  
Every me needs you, every pair needs two  
Every June needs a little Johnny Cash  
Every Rose needs a Jack  
Makes you dance, makes you smile, makes you laugh  
Every Rose needs a Jack  
That'll love ya if it all goes bad  
Every Rose needs a Jack

I know we got a good thing  
Know it's how it should be  
Boy, I'm all in  
And babe, you make me better  
It's you and me forever  
Yeah, you just say when

We all should have somebody  
Makes us feel like we're somebody  
Every me needs you, every pair needs two  
Every June needs a little Johnny Cash  
Every Rose needs a Jack  
Makes you dance, makes you smile, makes you laugh  
Every Rose needs a Jack  
That'll love ya if it all goes bad  
Every Rose needs a Jack

We all should have somebody  
Makes us feel like we're somebody  
Every me needs you, every pair needs two  
Every June needs a little Johnny Cash  
We all should have somebody  
Makes us feel like we're somebody  
Every me needs you, every pair needs two  
Every June needs a little Johnny Cash  
Every Rose needs a Jack  
Makes you dance, makes you smile, makes you laugh  
Every Rose needs a Jack (Jack)  
That'll love ya if it all goes bad  
Every Rose needs a Jack (Yeah)  
Every Rose needs a Jack  
Every Rose needs a Jack
