

## Filler

Gabe Bondoc

Situation is complicated, isn't it  
I been sitting here, wondering why it is  
Found a picture from the summer when  
From that summer when it all began  
Long drives and sunsets over everything

I'm talking 'bout long drive, smooth ride  
Holding your hand on your thigh, my ride or die  
Oh-oh-oh-oh-oh, you were my ride or die  
And now I'm thinking 'bout late nights, same vibe  
Talking 'bout nothing all night, my ride or die  
Oh-oh-oh-oh-oh, you were my ride or die, but what was I?

I was just filler, filler  
Something in between, what you think you need  
I was just filler, filler  
Something in between  
I was just filler, filler  
Something in between, what you think you need  
I was just filler  
Something in between

Cool breeze, kicking it nightly  
Tryna learn everything about you, yeah  
Homies, laughing 'bout all the things  
Future dreams and what you wanna do, ooh  
I still see you in the dimming light  
Feel the heat by the fire's light  
Conversation and sunsets over everything

And now I'm talking 'bout long drive, smooth ride  
Holding your hand on your thigh, my ride or die  
Oh-oh-oh-oh-oh, you were my ride or die (you were my ride or die)  
And now I'm thinking 'bout late nights, same vibe  
Talking 'bout nothing all night, my ride or die  
Oh-oh-oh-oh-oh, you were my ride or die, but what was I?

I was just filler, filler  
Something in between, what you think you need  
I was just filler, filler  
Something in between  
I was just filler, filler  
Something in between, what you think you need  
I was just filler, filler  
Something in between

We were something like a movie  
Something 'bout you moved me  
All in, falling  
Couldn't see the ending  
Never woulda guessed that  
Fall could end it  
Something like a movie  
Something 'bout you moved me  
All in, falling  
Couldn't see the ending  
Never woulda guessed that

Fall could end it

And now I'm talking 'bout long drive, smooth ride  
Holding your hand on your thigh, my ride or die  
Oh-oh-oh-oh-oh, you were my ride or die (you were my ride or die)  
And now I'm thinking 'bout late nights, same vibe  
Talking 'bout nothing all night, my ride or die  
Oh-oh-oh-oh-oh, you were my ride or die, but what was I?
