

# Loved You First

Gabe Bondoc

I don't mean to be a nutcase  
I don't mean to be rude  
But when I think about your face  
There's just something I do

I get it he's sweet  
I get it he's kind  
And that he makes you feel alright  
I wanna let go  
No, I can't let go  
There are just some things I'll never get right

I see that look in your eyes  
I think I get it but

You think he's gonna love you better (Ooh, he gonna love you better)  
I would love to see him try  
You think he's gonna make you happy (Ooh, he gonna make you happy)  
He must be one heck of a guy  
I'm the one that loved you first (Ooh, baby, I loved you first)  
Long before you learned that word  
Don't let him get by  
Without flowers and doorknobs all the time  
(Ooh, he gonna love you better)  
All the time, yeah  
(Ooh, he gonna love you better)

I'm just tryna be honest  
I'm only telling you the truth  
It's gonna take a lot of progress  
If he's tryna fill in these shoes

I get it he's sweet  
I get it he's kind  
And that he makes you feel alright  
I wanna let go  
No, I won't let go  
There are just some things I'll never get right

There goes that look in your eyes  
I'm trying to get it but

You think he's gonna love you better (Ooh, he gonna love you better)  
I would love to see him try  
You think he's gonna make you happy (Ooh, he gonna make you happy)  
He must be one heck of a guy  
I'm the one that loved you first (Ooh, baby, I loved you first)  
Long before you learned that word  
Don't let him get by  
Without flowers and doorknobs all the time

How I wish you could stay mine forever  
But you've got to be free  
Ooh you know it kills me love  
I will always be your fan, your corner  
Will always be filled, I'll always be near  
Forever I am yours

I'm hoping that he loves you better  
I just wanna see that he tries  
I'm hoping that he makes you happy  
I'm hoping he's a heck of a guy  
I'm the one that loved you first  
Long before your very first word  
Don't let him get by  
Without flowers and doorknobs all the time

You think he's gonna love you better (Ooh, he gonna love you better)  
I would love to see him try (Every time, every time)  
You think he's gonna make you happy (Ooh, he gonna make you happy)  
He must be one heck of a guy  
I'm the one that loved you first (Ooh, baby, I loved you first)  
Long before you learned that word  
Don't let him get by  
Without flowers and doorknobs all the time

"Love you, daddy"  
"Love you, baby"
