but i promise its true you  
keep my mind so occupied  
ina busy besutiful way

hey well i met you in  
the summertime  
and i never had summer better  
then the one i met you girl  
yeah  
i met you in the summer time  
though you keep me in mind  
cuz your always on mine

you know how i know shes got style  
its in the way she walks  
and its in the way she smiles  
and tha way she rockin ahead of their time  
all of the time  
one day im gonna let go let it out  
just flow so my feeling show  
im giving you my heart  
tie it with a bow  
you never had to try you had me at hello

and i met you in the summertime  
and i never had a summer better  
then the one i met you in girl  
oh yeah

do you keep me in mind  
cuz your always on mine

all these thoughts i have of you  
are wonderful and in every regard  
so when the worlds being a question  
makr i can go to a place  
that i know is for sure and

i met you in the summertime  
and i never had a summer better  
then the one i met you in girl  
oh yeah

do you keep me in mind  
cuz your always in mine
