

Whether Or Not

Gabe Bondoc

I'm not nearly as poetic
As I need to be
To express, explain, or demonstrate
What you mean to me

You're a golden ocean
On a shore bright white sand
I could feel your waves around me
Take me by the hand
Here on the sand

And I'll wait til forever is through
Whether or not you love me
I'll be loving you
I'll wait til forever is through
Whether or not you love me
I'll be loving you
I'll be loving you

In a complicated world
You bring simplicity
Cause when everybody's talking
You're just listening

I've dreamed a thousand dreams
And still nothing compares
To the feeling that you give me
While you're standing here
I don't care if it's fair

I'll wait til forever is through
Whether or not you love me
I'll be loving you
And I'll wait til forever is through
Whether or not you love me
I'll be loving you
I'll be loving you, yeah

Another day, another dollar
Another day to find the answer
Oh my lord, will I have her
Here in my arms
Oh I, I'll wait, wait-ait-ait

I'll wait til forever is through
Whether or not you love me
I'll be loving you, yeah
I'll wait til forever is through
Whether or not you love me
I'll be loving you
I'll be loving you
