

# Into My Soul

Gabin

I took a trip to the mountains  
I saw you trapped up in the cable way  
I Prayed that you would fall  
And come floating down to me, oh yeah

You fall free style  
You down from the sky

Oh I've been waiting  
I've been waiting

I say leap into my arms, babe  
C'mon dive into my soul  
C'mon jump into my heart, babe  
C'mon dive into my soul

I say leap into my arms, babe  
C'mon dive into my soul  
C'mon jump into my bob-sled  
C'mon dive into my soul

Does it have to start right now  
When you where almost ready  
When you where almost ready  
To leap from the sky down to me  
Throwing your future to the wind, fearless

C'mon leap down from the sky  
Down here by my side

Oh I've been waiting  
You know I've been waiting

I say leap into my arms, babe  
C'mon dive into my soul  
C'mon jump into my heart, babe  
C'mon dive into my soul

I say leap into my arms, babe  
C'mon dive into my soul  
C'mon jump into my bob-sled  
C'mon dive into my soul

I say Don't look back, look back&  
I say Don't look back, look back&
