

# The Thousand and One Nights

Gabin

Come and lie, my side  
Pretending youre the king  
Waiting for his thrall  
Come and lie down

Youll waste your life, if you wait  
For dreams to come at night  
Ill just make you one  
Come and lie down

A shade of moonlight  
Seeps through the curtains  
Youre plunged in cushions  
Relax and close your eyes
