

Goodbye

Gabriel Black

Shoot me to the moon in the car that's on the news
Maybe I'll cocoon and then fall into my room
Rather end in ashes than be locked inside a tomb
Burn up in the atmosphere, oh mama what a view

Drawin' in the lines never painted nothin' new
Don't know where I'm headed, but there's shit I gotta do
Don't gotta say it, oh you know that it's implied
Throwin' up my peace sign, that's goodbye

(Float on by)
(This charming night)

Run, run fast as I can
Makin' it there ain't part of the plan
No parachute, no
Fallin' down in slow motion

Reachin' for that dollar as I'm naked in the pool
Teasin' me with treasure, oh sometimes you're pretty cruel
Carats on this chain, and I fall like a fool
They say they're at 11 so I take a couple brews

Drawin' in the lines never painted nothing new
Don't know where I'm headed, but there's shit I gotta do
Don't gotta say it, oh you know that it's implied
Throwin' up my peace sign, that's goodbye

Run, run fast as I can
Makin' it there ain't part of the plan
No parachute, no
Fallin' down in slow motion

Run, run fast as I can
Makin' it there ain't part of the pian
No parachute, no
Fallin' down in slow motion

(Run, run fast as I can)
(Makin' it there ain't part of the plan)
(No parachute, no)
(Fallin' down in slow motion)

Run, run fast as I can
Makin' it there ain't part of the plan
No parachute, no
Fallin' down in slow motion

Shoot me to the moon, moon, moon, moon...
(Fallin' down in slow motion)

Drawin' in the lines never painted nothin' new
Don't know where I'm headed, but there's shit I gotta do
Don't gotta say it, oh you know that it's implied
Throwin' up my peace sign, that's goodbye
