

Target

Gabriel Black

There's a target on my head and I did it with no help
Got a pistol by my bed, there's no heaven and no hell
Why don't ya?
-hell why don't ya?

I'm not scared, I realize it now
Things come alive when I write em' down
Not afraid and I mean it now

There's a target on my head and I did it with no help
Got a pistol by my bed, there's no heaven and no hell
Why don't ya?
-hell why don't ya?
There's a target on my head and I did it with no help
Got a pistol by my bed, there's no heaven and no hell
(There's a-) Why don't ya?
-hell why don't ya?

I started dreamin'
Buzz like a light, yeah
I drank the [?]
See me, I'm silent

My hair raised a ton
Gun towards the sun cause burning is fun

There's a-
I'm not scared, I realize it now
Things come alive when I write em' down
Not afraid and I mean it now

There's a target on my head and I did it with no help
Got a pistol by my bed, there's no heaven and no hell
Why don't ya?
-hell why don't ya?
There's a target on my head and I did it with no help
Got a target on my head and I did it with no help
Got a target on my head and I did it with no help
Got a pistol by my bed, there's no heaven and no hell
(There's a-) Why don't ya?
