

WISH YOU THE BEST

Gabriela Bee

I've realized that you might never change and that's okay
And I could name a million things I wish that I could say
Like you're a drag, and you know you could never take a joke
And you hate that I'm happier now that I let you go, ah
You're out of mind, you're out of sight, and now it's far too late

I wish you the best, wish you the best
Wish you the best, even though you're not
I'm wishin' you well, wishin' you well
Wishin' you well, even though you're not
And I might miss you a little bit, think of you a little bit fondly
You'll never say it but you'll always be sorry
I wish you the best, wish you the best
Wish you the best, even though you're not

It's 2 AM and I found myself still smiling at the wall
Just thinking of the lovely way I had to send you off
But now I'm glad that I see what you meant to me
And I wonder what I'd be like if I never set you free, ah
Lesson learned, I finally found myself but after all

I wish you the best, wish you the best
Wish you the best, even though you're not
I'm wishin' you well, wishin' you well
Wishin' you well, even though you're not
And I might miss you a little bit, think of you a little bit fondly
You'll never say it but you'll always be sorry
I wish you the best, wish you the best
Wish you the best, even though you're not
