

# Let Me Know

Gabriella Cilmi

Let me know  
You're in over your head, let me know  
If you don't I just might lose control  
So come on, make a choice, let me know

It takes some time  
to know exactly what you're looking for  
And when you find  
the right connection then you'll know for sure  
What is there to hide?  
I just wanna know what's on your mind

Let me know  
You're in over your head, let me know  
If you don't I just might lose control  
So come on, make a choice, let me know

Don't be shy  
You're just no good at holding out on me  
Eye to eye  
No need for promises or guarantees  
What is there to hide?  
Don't you know that I'll be on your side

Let me know  
You're in over your head, let me know  
If you don't I just might lose control  
So come on, make a choice, let me know

Won't you let me know

Let me know  
You're in over your head, let me know  
If you don't I just might lose control  
So come on, make a choice, let me know

Won't you let me know

Ooohh oooh, Let me know  
Let me know  
Won't you let me  
Won't you let me know  
Let me know  
Won't you let me  
Won't you let me know

Let me know  
You're in over your head, let me know  
If you don't I just might lose control  
So come on, make a choice, let me know

Let me know  
You're in over your head, let me know  
If you don't I just might lose control  
So come on, make a choice, let me know

So come on baby just let me know

So come on baby just let me know  
Let me know, won't you let me  
So come on baby just let me know  
Let me know, won't you let me  
So come on baby just let me know
