Magic

Gabrielle Aplin

Remember when we snuck out of your birthday
Didn't even say goodbye
'Cause even there in a room full of faces
All I saw was you and I

And our friends know they don't understand
Why we never seem to hold hands
You can tell that think it's pretty strange
How they've never seen us slow dance

But it's who we are
You're never gonna catch dancin' in the dark
'Cause I already know your heart

I know that you love me
Don't need anyone to tell me
I can see it written on your face
And you know that I need ya
Like I'm never gonna leave ya
Have you ever seen me walk away?
It's all the words you never say
The way I catch you watchin' me
I know that you love me
Don't need anyone to tell me
I can see it written on your face

I know, I know, I know, I know
I know you can feel the magic, we don't need to talk about it
I know, I know, I know, I know
I know you can feel the magic

What's the use tryna pick us apart?
When it's something that you can't explain
Like the earth falling into the stars
Like a fire burning in the rain

No we don't feel the need for colorful displays
'Cause it's not the kind of game we play
And why should we show the world how we feel
When it's not about them anyway

It's just who we are
You're never gonna catch dancin' in the dark
'Cause I already know your heart

I know that you love me
Don't need anyone to tell me
I can see it written on your face
And you know that I need ya
Like I'm never gonna leave ya
Have you ever seen me walk away?
It's all the words you never say
The way I catch you watchin' me
I know that you love me
Don't need anyone to tell me
I can see it written on your face

I know, I know, I know, I know
I know you can feel the magic, we don't need to talk about it
I know, I know, I know, I know
I know you can feel the magic

Don't need to see it to believe it
No need to wake me up, 'cause I'm not dreamin'
And maybe there's no here to meet, no
No need to wake me up, 'cause I'm not dreamin'

Don't need to see it to believe it

I know that you love me
Don't need anyone to tell me
I can see it written on your face
And you know that I need ya
Like I'm never gonna leave ya
Have you ever seen me walk away?
It's all the words you never say
The way I catch you watchin' me
I know that you love me
Don't need anyone to tell me
I can see it written on your face

I know, I know, I know, I know
I know you can feel the magic, we don't need to talk about it
I know, I know, I know, I know
I know you can feel the magic
