

Magnolia

Gabrielle Aplin

Turn the light on
Turn the page
Turn into me
Instead of turning away
You can turn the car round
Right back to my place
But you can't stop the night
As it turns into day

Now it's Your turn
To take the wheel
Move in all directions
Any way that you feel
You can turn yourself in
Guilty of your crime
But you can't turn back the hands of time

Blink and you might miss her
Magnolia
Lifes like running water
Then it's over

Turn the tables
Try to make it right
The caterpillar turns himself
Into a butterfly
Part of something bigger
Turn up in a crowd
But you can't stop the water once it's turned into clouds

Blink and you might miss her
Magnolia
Lifes like running water
Then it's over

Turn to the lighthouse
Leading you to land
Turn a conversation into words you understand
Try not to worry
That time is passing by
Turn down the noise
And you'll find me alright
Turn down the noise
And you'll find me alright
