

# You Don't Like Dancing

Gabrielle Aplin

Follow me  
Carelessly  
Leave our plans on the back seat  
Chase the lines  
Two-at-a-time  
Open your eyes  
Do you remember me?

You don't like dancing  
But don't you every say  
We're going nowhere?  
There's always somewhere we can be

You and me we can be you and me  
So why aren't you dancing?  
Why aren't you dancing?

What ever happened, I thought we had it all  
You think that's not fair  
There's always something we can be  
You and me we can be you and me  
So why aren't you dancing?  
Why aren't you dancing?

Close the night down  
Those rain drops pour now  
There's nothing here, when you're over there  
Don't be like that  
I'll pull you back  
You'll free me deeper when you're all for it

You don't like dancing  
But don't you every say  
We're going nowhere?  
There's always somewhere we can be

You and me we can be you and me  
So why aren't you dancing?  
Why aren't you dancing?

What ever happened, I thought we had it all  
You think that's not fair  
There's always something we can be  
You and me we can be you and me  
So why aren't you dancing?  
Why aren't you dancing?

I'll be giving up this wa-a-a-ay  
I'll make you happy that you ca-a-ame  
Ooh how do you love if you don't feel it?

You don't like dancing  
But don't you every say  
We're going nowhere?  
There's always somewhere we can be

There's always something we can be

You and me we can be you and me  
So why aren't you dancing?  
Why aren't you dancing?

What ever happened? I thought we had it all  
You think that's not fair  
There's always something we can be  
You and me we can be you and me  
So why aren't you dancing?  
Why aren't you dancing?
