

A Good Heart

Gabrielle

A good heart is so hard to find
A good heart is so hard to find
A good heart is so hard to find

I fell for you coz inside you're beautiful
What could I do? It wasn't the plan but you felt it too
I know that you felt it too
I could fall for you a thousand times
Feels like I've met you before in another life
In another life

It's getting hard to fight these feelings
Even harder to ignore
Coz every time I get to see you
I want more

(A good heart is so hard to find)
No matter how hard I try
(A good heart is so hard to find)
I can't get you out of my mind
(A good heart is so hard to find)
Can't keep on living this lie
(A good heart is so hard to find)
Tried but we couldn't let go
(A good heart is so hard to find)
When I'm not with you I'm not whole
(A good heart is so hard to find)
I'm not whole

Though we tried we just couldn't stay apart
We can't deny that your feelings opened up your heart
Opened up your heart

It's getting hard to fight these feelings
Even harder to ignore
Coz every time I get to see you
I want more

(A good heart is so hard to find)
No matter how hard I try
(A good heart is so hard to find)
I can't get you out of my mind
(A good heart is so hard to find)
Can't keep on living this lie
(A good heart is so hard to find)
Tried but we couldn't let go
(A good heart is so hard to find)
When I'm not with you I'm not whole
(A good heart is so hard to find)
I'm not whole

Really think that we can have it all
I know that you can never really know for sure
All I know is what we have is strong

(A good heart is so hard to find)
No matter how hard I try

(A good heart is so hard to find)
I can't get you out of my mind
(A good heart is so hard to find)
Can't keep on living this lie
(A good heart is so hard to find)
Tried but we couldn't let go
(A good heart is so hard to find)
When I'm not with you I'm not whole
(A good heart is so hard to find)
I'm not whole

Ooh, ooh, this lie
Ooh, ooh, I'm not whole
I'm not whole
