Every Step

Gabrielle

You're feeling scared right now
You've lots on your mind
You have a journey you've gotta make
It's gonna take some time

It's time to walk away
You really shouldn't stay
There's just some things
That you cannot save
It's time to walk away
Freedom from the pain
Of broken hearts
And battle scars

You should know, now is the time
You know that it's right, the burning you feel
When the stars are aligned
You don't have to wonder, don't be afraid
Be self assured, every step that you take

For so long you haven't been yourself
Forgotten who you are
Wallowing now in past mistakes
Won't get you far

It's time to walk away
You really shouldn't stay
There's just some things
That you cannot save
It's time to walk away
Freedom from the pain
Of broken hearts
And battle scars

You should know, now is the time
You know that it's right, the burning you feel
When the stars are aligned
You don't have to wonder, don't be afraid
Be self assured, every step that you take

Every step that you take
Don't be afraid, no
Every step that you take
Feel self-assured
(Don't be afraid)
(Don't be afraid)

Now you should know
(Don't be afraid)
Now is the time
(Don't be afraid)
You know that it's right
(Don't be afraid)
When the stars are aligned
(Don't be afraid)
When the stars are aligned
(Don't be afraid)

Don't be afraid
Don't be afraid
