

Feel

Gabrielle

I try to dull the pain but nothing works
I try to go to sleep to escape the hurt
I wonder what you're feeling, is it in reverse?
'Cause when it comes to healing will you be first?

Everybody says
Good things come to an end
But I'm not ready yet

'Cause I don't wanna feel like this
And I don't wanna know
That I'm not missed
Can't get my head around
That this is it
You're never gonna know
How much you're missed
I'm gonna miss you
I'm gonna miss you

I play our favourite songs but can't hear the words
I'm listening through my tears, everything's so blurred

Everybody says
Good things come to an end
But I'm not ready yet

'Cause I don't wanna feel like this
And I don't wanna know
That I'm not missed
Can't get my head around
That this is it
You're never gonna know
How much you're missed
I'm gonna miss you

Everybody says
Good things come to an end
But I'm not ready yet

'Cause I don't wanna
I don't wanna feel like this
(And I don't wanna know)
I don't wanna know that I'm not missed
(Can't get my head around)
Around, around that this is it
You're never gonna know
How much you're missed
I'm gonna miss you

Miss you now you're gone
I'm gonna miss you
Even though it's wrong
