

# Picking Up the Pieces

Gabrielle

Took a while for me to figure out what just happened,  
I'm sitting here alone: my life in pieces,  
Trying so hard to understand, hoping I can,  
Get some clarity, before I lose my sanity  
Got it all in my head, the words you said,  
I can't forget

And it seems like a dream,  
Now you're gone and it's just me,  
I'm on my own; I'm all alone,  
And the pain, that I feel,  
Given time I know will heal,  
But still you're gone and I'm on my own

Picking up the pieces of my life,  
Picking up the pieces, it's gonna take some time,  
Picking up the pieces of my broken heart,  
Picking up the pieces

Said you found someone, someone like you,  
I'm hoping she does better than I did with you,  
I don't wish you bad, but you left me sad,  
You came and broke my heart into a million pieces  
Got it all in my head, the words you said,  
Before you left

And it seems like a dream,  
Now you're gone and it's just me,  
I'm on my own; I'm all alone,  
And the pain, that I feel,  
Given time I know will heal,  
But still you're gone and I'm on my own

Picking up the pieces of my life,  
Picking up the pieces, it's gonna take some time,  
Picking up the pieces of my broken heart,  
Picking up the pieces

Was it all just a dream?  
Now you're gone and it's just me,  
I'm on my own; I'm all alone,  
And the pain, that I feel,  
Given time I know will heal,  
But still you're gone and I'm on my own

Picking up the pieces of my life,  
Picking up the pieces, it's gonna take some time,  
Picking up the pieces of my broken heart,  
Picking up the pieces,  
Picking up the pieces of my life,  
Picking up the pieces, it's gonna take a while,  
Picking up the pieces of my broken heart,  
Picking up the pieces
