

# Won't Be There

Gabrielle

(Lonely, lonely, lonely)  
(Lonely, lonely, lonely)

We were on the phone  
Morning, noon and night  
I was there for you  
Called me anytime you liked  
But it wasn't the same from you  
I had to wait around for you

I gave you all my time  
Morning noon and night  
Every window that I ever had  
Had you prioritised  
But it wasn't the same from you  
I had to wait around for you

Every promise made  
You would always break  
Now I see the truth

No, I won't be there  
Like you wanted  
It doesn't matter that you once had my heart  
I won't be there  
Don't get lonely  
It is time for me to take back my heart

Lonely, lonely, lonely  
You're gonna be  
Lonely, lonely, lonely  
You're gonna be  
Lonely, lonely, lonely  
You're gonna be  
Lonely, lonely, lonely  
That will be you without me

Now you're full of woes  
Begging me to take you back  
Please leave me alone  
You're the reason that you're sad  
I thought that I made it clear  
That I don't want you near

Every promise made  
You would always break  
Now I see the truth

No, I won't be there  
Like you want me  
It doesn't matter that you once had my heart  
I won't be there  
Don't get lonely  
It is time for me to take back my heart

Lonely, lonely, lonely  
You're gonna be

Lonely, lonely, lonely

You're gonna be

Lonely, lonely, lonely

You're gonna be

Lonely, lonely, lonely

Guess you should have treated me better

All alone, that's you without me

(And I won't be there)

I won't be there like you want me (Like you want me)

(It doesn't matter that you once had my heart)

That you will be (I won't be there)

(Lonely, lonely, lonely)

(Lonely, lonely, lonely) It doesn't matter

(Lonely, lonely, lonely)

(Lonely, lonely, lonely)

(Lonely, lonely, lonely)

(Lonely, lonely, lonely)

And that will be you without me

(Lonely, lonely, lonely)
