

We Will Remember

Gabriels

Memories

Like the the corner of our mind

Misty water coloured memory

Of the way we were

Could it be that it was always so simple, babe?

Or has time rewritten every letter

If we had the chance to do it all again

Tell me

Would we?

We will

Memories may be beautiful and yet

What's too painful to remember

We simply choose to forget

It's the laughter

We will remember

Yes we will

Whenever we remember

We will remember

The way we were

You were supposed to, you were supposed to love me

Truly, madly, foolishly, I believed it

You were supposed to love me

You were supposed to love me

You were supposed to love me

You were supposed to love me

You said you loved me

You said you'd be right there

You said you loved me

You said you'd be right there

You said you loved me

You said you loved me

You said you love

You said you'd be right here

Who's going to love me?

Who's going to love me?

Who's going to love me?

Who's going to love me?
