

Thunder

Gabry Ponte

Down the river, we're drunk and all of our thumbs went up in the air
Sung it in the wind and sung to the thunder, rollin' over and over, we're
Down the river, we're drunk and all of our thumbs went up in the air
Sung it in the wind and sung to the thunder, rollin' over and over
We're down
We're getting on fire
We're raising up higher
The bottle is up
We're over the top
It's time to get wild
The time our life
Is happenin' now
We're out of control
Together we're rolling, over and over, we're
Down the river, we're drunk and all of our thumbs went up in the air
Sung it in the wind and sung to the thunder, rollin' over and over, we're
Down the river, we're drunk and all of our thumbs went up in the air
Sung it in the wind and sung to the thunder, rollin' over and over, we're
Down the river, we're drunk and all of our thumbs went up in the air
Sung it in the wind and sung to the thunder, rollin' over and over, we're
Down the river, we're drunk and all of our thumbs went up in the air
Sung it in the wind and sung to the thunder
La-da-day-di-day-di-oh
(La-da-day-di-day-di-oh)
We gotta rock, rock
Party 'til the last shot
Fill that jug and raise your cup up
We gotta chug, chug
Better take it non-stop
Hey, come drink until the last drop
So please just let us, burnin' down this place
And we will end up in the hall of fame
Let's get ready for a drinking game
So come and sip until the last drop
Over and over, we're
Down the river, we're drunk and all of our thumbs went up in the air

Sung it in the wind and sung to the thunder, rollin' over and o
ver, we're
Down the river, we're drunk and all of our thumbs went up in th
e air
Sung it in the wind and sung to the thunder, rollin' over and o
ver, we're
Down the river, we're drunk and all of our thumbs went up in th
e air
Sung it in the wind and sung to the thunder, rollin' over and o
ver, we're
Down the river, we're drunk and all of our thumbs went up in th
e air
Sung it in the wind and sung to the thunder
