

People on the radio  
Talk about their lives  
Thought that I should have a go  
See the other side  
Come out of the darkness  
And step into the light  
The grass is always greener  
But we've gone colorblind

Flash your lights in a million lights eyes tonight  
There's no drug that gets me this high  
Flash your lights in a million lights eyes tonight  
But when the crowds are gone

I don't wanna go home  
I don't wanna go home  
I don't wanna go home  
I been so high, here's crash, crash, crash now  
I don't wanna go home  
I don't wanna go home  
I don't wanna go home  
I been so high, here's crash, crash, crash now

The crowds know all the lyrics to the songs I used to write  
Back when things made more sense, I dream about this life  
Filling out the stadiums and seeing my name in lights  
But the days just feel so empty, I drink to pass the time

Flash your lights in a million lights eyes tonight  
There's no drug that gets me this high  
Flash your lights in a million lights eyes tonight  
But when the crowds are gone

I don't wanna go home  
I don't wanna go home  
I don't wanna go home  
I been so high, here's crash, crash, crash now  
I don't wanna go home  
I don't wanna go home  
I don't wanna go home  
I been so high, here's crash, crash, crash now

Now I'm on the radio, I'll glamourise my life  
Wish I never had to go, I like the other side  
I couldn't see the darkness 'cause I was in the light  
The grass ain't any greener, it's all false advertised

Flash your lights in a million lights eyes tonight  
Taking anything to keep me this high  
Flash your lights in a million lights eyes tonight  
But when the crowds are gone

I don't wanna go home  
I don't wanna go home  
I don't wanna go home  
I been so high, here's crash, crash, crash now  
I don't wanna go home

I don't wanna go home  
I don't wanna go home  
I been so high, here's crash, crash, crash now
